

# Case Study:

## Lake Eve Resort

Lake Eve Resort selects BioLink BioTime to reduce losses from buddy Punching fraud, to control costs and manage their employee's schedules.

## Customer

### Location

Orlando, Florida, USA

<http://www.lakeeveresort.com/>

### Company Profile

Lake Eve Resort offers elegantly appointed accommodations and gracious hotel amenities on the quiet side of International Drive-offering you convenience to Orlando area attractions and peace and quiet at the same time. Our luxurious suites are just minutes away from Walt Disney World®, Universal Studios®, SeaWorld®, outdoor activities and Indoor recreation sites.

### Needs

New time and attendance system for replacing timesheets submitted by employees, contractors and external vendors

## Solution

[BioTime](#), delivered and implemented by our official distributor Bio-Metrica LLC, is a flexible and scalable biometric fingerprint time and attendance system that grants businesses, like Lake Eve Resort, the ability to track their employee's schedules and to reduce fraud prevalent in older non-biometric systems such as punch card clocks. With biometrics, BioTime Ensures businesses that work times Reported are correct and attendance is verified by the fingerprint of the employee.

## Customer's Reference

After BioTime's installation, Lake Eve Resort reined in their employee, contractor and vendor costs and had recouped the cost of the new system within a week. They were able to cut salaries and external resource expenses by almost 40%.

*"We wanted to replace our existing system with one that would have more control over employee and contractor costs. We had some expectations, but in less than a month after we have initiated the new system the results were way beyond those expectations."*

*Bottom line – The BioTime system paid for itself within the first week! We cut our salaries & external resources expenses by almost 40% in the first month"*
